## KINYETI CAPITAL SUSTAINABILITY POLICY

Kinyeti Venture Capital ("KVC") is committed to incorporate Sustainable Development criteria i.e. financial, environmental and social criteria in all its financing. KVC will therefore integrate assessment of ESG risks, impacts and opportunities into all business processes and propose mitigation measures where appropriate. This will reduce risks for KVC and KVC's clients, improve performance and facilitate access to funding.

- a. KVC and its Portfolio Companies must comply with legal and regulatory requirements of the Republic of South Sudan;
- b. KVC will not finance enterprises engaged in a *Prohibited Activity* as defined by the EDFI Exclusion List; (Please check the exclusion list on [www.edfi.be](http://www.edfi.be))
- c. KVC will not finance enterprises where there is a risk of corruption or bribery. Instances of corruption and bribery in portfolio companies shall be reported to KVC without delay;
- d. KVC will undertake investigations commensurate with anticipated ESG risk and in line with international best practices such as IFC Performance Standards on Environmental and Social Sustainability;
- e. KVC will ensure that Portfolio Companies develop appropriate ESG policies and ESG action plans relevant for their operations and monitor progress on delivery;
- f. KVC will ensure that Portfolio Companies respect fundamental ILO core conventions related to Discrimination, Child labour, Forced labour, and the Rights to organize and bargain collectively;
- g. KVC will ensure that Portfolio Companies actively work on improving occupational health and safety practices;
- h. KVC will require that Portfolio Companies immediate report in case of major accidents or fatalities;
- i. KVC will encourage Portfolio Companies to promote high ESG standards throughout their supply chain;
- j. KVC management will develop the necessary procedures and tools and train its staff in order to implement this policy;
- k. The Board of KVC will ensure that this Sustainability Policy is implemented and will periodically evaluate its suitability;
